

WARNING AND SAFETY POLICY

Failure to follow these rules may result in serious injury

As with all machinery, there are certain hazards involved with the operation and use of this tool. Using the Proton II and SCX Stop Drill Systems with respect and caution will considerably lessen the possibility of personal injury, however, if normal safety precautions are overlooked or ignored, personal injury to the operator may result. The Proton II and SCX Stop Drill Systems was designed for drilling into concrete only, using a rotary hammer drill. It is strongly recommended that the Proton II and SCX Stop Drill Systems not be used for any application other than that for which it was designed. If you have any questions relative to its application, contact your local distributor or email: info@tebmar.com

READ ALL INSTRUCTIONS before attempting to use this product.

- Always use the recommended drill bit length and size for drilling.
- Work in a well ventilated area.
- When using electric tools, basic precautions should always be followed to reduce risk of electric shock and personal injury, including the following:

WEAR PROPER APPAREL - Do not wear loose clothing, gloves, neck- ties, rings, bracelets or jewelry, they can get caught in moving parts.

RESTRAIN long hair within a safety hat.

KEEP WORK AREA CLEAN - Cluttered areas invite injuries.

GUARD AGAINST ELECTRIC SHOCK - Prevent body contact with grounded surfaces. For example pipes, radiators, ranges, refrigerators and enclosures.

CONSIDER WORK AREA ENVIRONMENT - Do not expose the the Proton II and SCX Stop Drill Systems to rain. Do not use power tools in damp or wet locations, keep work area well lit. Do not use the power tool in presence of flammable liquids or gases.

ALWAYS WEAR APPROVED SAFETY GLASSES - Also wear approved mask or dust mask when using the Proton II and SCX Stop Drill Systems, or installing anchors.

AVOID BREATHING DUST

PRESCRIPTION GLASSES WITH IMPACT RESISTANCE LENSES ARE NOT SUFFICIENTLY SAFE FOR THIS APPLICATION - They are not safety glasses. Safety shield attached to a hard hat in addition to safety glasses is recommended.

DO NOT FORCE THE TOOL - Do not force or pry the Proton II and SCX Stop Drill Systems for a job for which it was not designed for. It will do the job and will be safer when used at a rate it was designed for, do not use to drill through rebar. It will damage the Proton II and SCX Stop Drill Systems.

ALWAYS CHECK PROPER SETTING OF THE ANCHOR - If the anchor has not been set correctly, refer to the Installation Instructions and repeat the instalation steps.

For proper installation and performance of the drop in anchors in compliance with ANSI B212-15.

DO NOT USE THE PROTON II AND SCX STOP DRILL SYSTEMS TO SET OTHER BRANDS OF ANCHORS.

LIMITED WARRANTY (applicable to Canada and the US)

Teb•Mar Products Inc. is proud of the quality of the Proton II and SCX Stop Drill Systems and warrants it to be free from manufacturing defects. Teb•Mar Products Inc. further warrants the Proton II and SCX Stop Drill Systems for adequacy of design when used in accordance with design limits and when property specified, installed and maintained. This warranty does not apply to uses not in compliance with specific applications and installation procedures set forth in this manual, or to modified products, or to deterioration due to environmental conditions.

Due to the particular characteristics of potential impact events, the specific design and location of the structure, the building materials used, the quality of construction and the soils involved, damage may nonetheless result to the structure and its contents even if the loads resulting from the impact do not exceed the Proton II and SCX Stop Drill Systems specifications installed in accordance with applicable building codes.

All warranty obligations of Teb•Mar Products Inc. shall be limited to the discretion of Teb•Mar Products Inc. to repair or replacement of any defective products. These remedies shall constitute Teb•Mar Products Inc.'s sale obligation and sale remedy of purchases under this warranty.
